## MEETING OF THE CABINET

CHINESE SETTLEMENT AND OTHER PUBLIC MATTERS DISCUSSED.

President Ready to Proclaim Free Trade with Porto Rico When the Legislature Takes Action.

WASHINGTON, June 18 .- The Cabinet meeting to-day was without important feature. There was desultory discussion of the Chinese settlement, the situation in the Philippines, Cuba and Porto Rico, but nothing of moment developed and no action was decided upon. The President is prepared to tion of duties between the United States and Porto Rico, if the insular legislature at the extraordinary session called for July 4 presents facts to him to sustain the claim that the revenues under the Hollander tax law make the island self-sustaining.

The Cabinet believes that the Chinese settlement is close at hand. In talking of this settlement, Secretary Hay suggested that the amounts voluntarily paid the American missionaries by Chinese provinces should be deducted from our aggregate claim of \$25,000,000. The general senti- MANAGER HAY HAS BEEN LAST ARment of the Cabinet seemed to favor this course, but no action was taken. Until the court acts nothing further

Secretary Root laid before the Cabinet a report from Governor General Wood showing a most satisfactory condition of affairs in the island. These related mainly to the progress that has been made in the matters of municipal government, the schools, general improvements, sanitation and bettered condition of the inhabitants

SAN JUAN, P. R., June 18 .- After a careful study of the report submitted by J. Hollander, Governor Allen is satisfied that the present system of insular taxation produces sufficient revenues for Porto Rico's needs and that consequently the island maintains itself without the use of customs duties on trade with the United States. Governor Allen has decided to call the Porto Rican Assembly in extra session for the sole purpose of passing a resolution to this effect and according to Section 3 of the Foraker law.

Secret Societies De-Base Insinuations in the Synod.

JAMESTOWN, N. Y., June 18 .- The Swedish Lutheran Synod to-day defeated a Masonic or other secret or atheistic society should be entitled to membership in the church or the synod be expunged. The report of the committee was presented by Dr. Ranseen, the chairman.

Rev. Dr. Fremling, of Vasa, Minn., was on his feet in a moment after the chairman of the committee sat down. "This is not a question of practical morality," he said. "It is a question involving faith and doctrine. Masonry and other secret societies are offsprings of deism. he regarded secret societies as idolatrous. "The laboring man cannot afford to support both the secret societies and the church; therefore, we should insist upon his leaving the lodge," said Rev. L.
